

**Type of equipment**                      Combination magnetic filter and electric heating element used for heating system cleaning.

**Type Designation**                      **Part Code MI074**  
**Description: CombiMag Dual Digitally Controlled Heater and Magnetic Filter**

**Manufacturer:**                              Kamco Limited

The following harmonised European standards or technical specifications, which comply with good engineering practice in safety matters in force within the EEA, have been applied:

***Standards***

BS 7351:1990  
2014/35/EU  
2014/30/EU  
93/68/EEC  
2011/65/EU

EN 60335-1:2012+A11:2014

***Regarding***

Specification for metal-sheathed heating elements.  
Low Voltage Directive (LVD).  
Electromagnetic Compatibility (EMC).  
CE Marking Directive.  
Restriction of the use of certain hazardous substances in electrical and electronic equipment.  
Household and similar electrical appliance.

***Additional information***

The product is in compliance with relevant parts of the standard above and complies with good engineering practice in safety matters within the EEA

The product is CE marked.

As the manufacturer, we declare our sole responsibility that the equipment follows the provisions of the directives stated above.

*Note:*

When operating the heater, the observance of regulation EN 60204-1 (safety of machinery, user Interface), and safety instructions detailed in the relevant Kamco operating instructions must be complied with.
