

Type of equipment Tank mounted vertical axis centrifugal pumps for chemical cleaning.

Type Designation **Description: Scalebreaker and Clearflow tank mounted pumps (all variants).**

Manufacturer: Kamco Limited

The following harmonised European standards or technical specifications, which comply with good engineering practice in safety matters in force within the EEA, have been applied:

Standards

2014/35/EU
2014/30/EU
93/68/EEC
2011/65/EU

EN 60335-1:2012+A11:2014

Regarding

Low Voltage Directive (LVD).
Electromagnetic Compatibility (EMC).
CE Marking Directive.
Restriction of the use of certain hazardous substances in electrical and electronic equipment.
Household and similar electrical appliance.

Additional information

The product is in compliance with relevant parts of the standard above and complies with good engineering practice in safety matters within the EEA

The product is CE marked.

As the manufacturer, we declare our sole responsibility that the equipment follows the provisions of the directives stated above.

Note 1:

It should be noted that as at 2019, there are no standards, UK or European, existing for descaling and power flushing pumps, and therefore no standard (other than the manufacturers'), to conform to. Kamco will supply a Manufacturers' Declaration of Conformity on request.

Note 2:

When operating pumps, the observance of regulation EN 60204-1 (safety of machinery, user Interface), and safety instructions detailed in the relevant Kamco operating instructions must be complied with.
